Education

Maharaja Agrasen Institute Of Technology **Aug 2024 - Present**
(B.TECH in Information and Technology Engineering) *CGPA: 7.4*

Raj International Academy **Jul 2023 - May 2024**
Higher Education (RBSE) *80%*

Projects

Inventory & Billing Management System | *React, Node.js, Express.js, MongoDB, JWT, bcrypt*

- **Architected a multi-tenant MERN platform** supporting 100+ products per shop with secure **JWT** authentication, RBAC authorization, and shop-level data isolation.
- **Engineered a transactional** invoice workflow reducing stock inconsistency to **0%** via **server-side** validation and atomic inventory updates across concurrent requests.
- **Optimized MongoDB schemas and aggregation pipelines**, enabling real-time generation of daily/weekly/monthly reports in under 200ms for 1,000+ invoice records.

Razorpay: Fix My Itch (Interactive Clone) | *React.js, GSAP (GreenSock), Tailwind CSS, Git*

- **Dynamic Interactive UI:**Developed a high-fidelity clone using React and Tailwind, featuring a gamified "scratch-to-reveal" entry to boost engagement.
- **Advanced Motion Orchestration:** Leveraged GSAP for scroll-based storytelling and staggered animations, ensuring 60 FPS performance during heavy DOM interactions.
- **Data-Driven Feature Implementation:**Built a modular filtering system and accordion-style "Itch" cards to display complex data with a clean, responsive design.

K72 - Creative Agency Portfolio (Interactive Clone) | *React.js, GSAP, Tailwind CSS, JavaScript*

- **Advanced Scroll Interactions:**Built a fluid agency landing page with GSAP, implementing typography scaling and horizontal scroll for high-impact visual storytelling.
- **Dynamic Asset Orchestration:**Synchronized image and video transitions using ScrollTrigger, delivering an immersive and cinematic user experience.
- **Responsive Grid System:** Architected a complex, variable-width grid with Tailwind CSS to ensure pixel-perfect design fidelity across all viewports.

Technical Skills

Languages: C, C++, JAVA, HTML, CSS, JavaScript.
Frameworks & Technologies: React, Node.js, Express.js, MongoDB, MYSQL, Tailwind CSS.
Animations/Creative: GSAP.
Tools/Version Control: Git, GitHub, VS Code.
Coursework: Data Structures & Algorithms, Object-Oriented Programming, Probability and Statistics.

Position Of Responsibility

Coordinator, Career Development Cell (MAIT): Facilitated campus recruitment drives and student-recruiter liaisons.

Event Coordinator, Udaan Society : Managed logistics and team volunteers for large-scale interactive student events.

Achievements

- Actively participated in multiple hackathons, collaborating in team environments to build real-world solutions under tight deadlines.
- Top 5 percentile in JEE Mains and Qualified in JEE Advanced 2024, among over a million aspirants.
